Office: Facilities Management Division, OL
Title: Secure Voice Emergency Intercom System
Type: Communication Services for New Initiative
Requirement: To provide secure voice capability between permanent and mobile stations during emergency situations on the Headquarters compound.

Justification:

No secure link exists between operating personnel (Headquarters Security, DCI Security, Allied, and OL/FMD components such as the Power Plant) during crises or emergency situations.

Time: FY-39

Impact: Black Line or open CB bands will continue to be used.
